Sub: NIRF India Ranking 2018.

Sir,

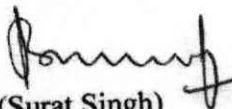

You are aware that National India Ranking Framework has been brought in by government with a view to place before the nation, the performance of each educational institution on an annual basis. The idea is to bring accountability of every higher educational institution to the nation at large. Accordingly, all the Centrally funded institutions without exception, are being requested to share data regarding their performance for the past 3 years with NIRF.

2. It has been brought to the notice of the Ministry that some colleges which are fully funded by the Central Government have refused to submit the data regarding their performance to NIRF. This is despite the fact that attempts have been made to explain the importance of participating in the ranking process to all the Centrally funded institutions. These institutions have not expressed any difficulty in the ranking parameters either.

3. In view of the above, a direction may be issued to all Central Universities that strict action will be taken against defaulting Central Universities and Colleges which may include a cut of upto 25% of the grants being given to these institutions till such time they agree to participate in the ranking exercise.

4. A copy of instruction issued to all Central Universities and Colleges in this regard may be sent to this Ministry.

Yours faithfully

(Surat Singh)
